200 Direct Client Contact Hours (DCC)

Must complete 45 DCC hours before receiving a Formative Evaluation

Direct Client Contact Hours: Modalities

<u>Individual Counselling</u>: 120 hours (minimum) of DCC will be mental health counselling hours in the form of individual counselling.

For the **balance of 80 hours**, the following modalities are allowed:

Family or Couples Counselling: May be included at the discretion of the supervisor, depending in site's service offerings and experience of student.

<u>Group Counselling</u>: Recommended, but not required by some professional associations.

- * MACP student is <u>not allowed</u> to facilitate any counselling groups <u>on their own</u>
- *MACP student should have opportunity to be lead facilitator for at least 1/2 of any and all group counselling hours.
- *Mental health group counselling is based on theory, techniques, research, and treatment approaches that support effective therapeutic outcomes.

Direct Observation

10 hours of Direct Observation of counselling sessions are required by an MACP-approved supervisor with least five (5) observed sessions in each trimester of Practicum. Clinical work can be directly observed via direct observation of sessions, review of recorded audio or video sessions, co-counselling or co-facilitating. In the case of reviewing a recorded session, a 15–20-minute clip followed by supervision on that clip for the remainder of the hour constitutes 1 direct observable hour of supervision. SONIA Log: Student will log the entry with a sub activity of Direct Observation.

<u>Direct Client Contact Hours: Venues</u> <u>and/or Platforms</u>

Direct Client Contact (DCC) counselling may be conducted through the following <u>venues and/or platforms</u>, with appropriate considerations taken by the counsellor to protect privacy and confidentiality:

- * Face-to-face, in person.
- * Face-to-face, using telephone, Zoom, Teams, or other encrypted video platforms.

Direct Client Contact Hours: Activities

- * Interviewing for intake that is clinical in nature and the intake is used to determine the client's focus and course of the therapy.
- * Conducting the administration, scoring and interpretation of the results of a psychometric assessment as part of a clinical interaction with the client.
- * Facilitating or actively cofacilitating/co-counseling (at least 50% of the session and not simply observing) therapeutic counselling sessions.
- * Engaging in case conferences with the client present.
- * Conducting 50% of the student's counselling sessions (e.g., individual, family or couples, and group counselling) with clients in English.

200 Indirect Contact Hours

Indirect Contact Hours: Activities

- *Observing counselling without actively participating and not providing follow-up to the client immediately after the observed session.
- * Engaging in record-keeping.
- *Conducting preparation activities in relation to direct client work.
- * Writing counselling session progress notes.
- * Writing and updating client treatment plans.
- * Writing client discharge summaries.
- *Conducting a psychometric assessment that primarily involves administering, scoring, and report-writing, with little to no clinical interaction with the client.
- * Engaging in individual clinical supervision as a Supervisee
- * Observing or co-facilitating psychoeducational groups targeted more to universal vs designated client populations
- * Participating in case conferences or staff meetings, without client present.
